Membership entry	2405	46.3
Pool Rental	121	2.3
Swim Lessons	132	2.5
Misc	42	0.8
Lesson	331	6.4

The information presented here represents recorded usage by category for the school year 2014-15. It should be noted that December 2014 and February 2015 usage was unavailable at the time this table was created.

The Pool is well utilized and as you can see we average 8.3 open swimmers per week, 8.8 water aerobics participants per week and 5.1 lap swim participants per week. Membership entry indicates members who entered on a weekly basis and as you can see we averaged 46.3 of those per week. On average 2.3 parties or pool rentals occur per week and while the Swim lessons and lesson average is a bit misleading because those take place in shorter periods of time, we do have in excess of 460 sessions of lessons per year. I would guess that if each student paid for 6 weekends of lessons, 77 students were able to learn to swim in our pool in 2014-15.

It should also be noted school participation is not represented in this table, but the pool is used nearly every day by students in PE.
